

## MODULAR BENCHES

**Modular Bench Type A**

The Palbam Class™ Modular Bench for seating and “gowning up” in the gown

area is modular and allows a flexible design to exactly fit every gown area. A variety of units in various dimensions can be attached in different ways to provide a custom made seating module. The seating module reduces the number of legs attached to the floor, making the cleaning process easy and the layout flexible.

**Modular Bench Type B**

Fabrication material: stainless steel 304 with electropolished finish

Product	LxWxH (mm)	LxWxH ( " )	Cat. No.
Modular Bench Type A	2510x360x1000	99x14x40	<b>MOD BENCH-A</b>
