

# Dispenser 2 Compartments

This wall-mounted dispenser is designed to provide efficient storage capabilities. Suitable for storing gloves, hairnets and booties in separate storage system, eliminating particle buildup.

Features built-in trap bins, see-through slots, top lid for easy refilling, and a curved opening for easy pull out.

Two of these units are designed to fit above the Final Glove Cabinet (page 45), to provide a complete dispensing / disposal system.

**Immediate delivery – in stock**

Fabrication material: 304 stainless steel, electropolished.
